

yüMlvü™

THE POWER OF PEOPLE CHEMISTRY

yüMlvü is a whole new share-and-compare approach to personality assessments.

- It's about yü (you)
- It's about MI (me)
- It's about us ... our vü (view)

yüMlvü BASIC BUNDLE TEAMS INTEGRATION

- Add game-changing yüMlvü Insights into your everyday collaboration with the Microsoft Teams™. This powerful integration is part of the yüMlvü Basic Bundle.
- Easily add the power of yüMlvü Insights in Teams with an always present yüMlvü tab. This provides full access to individual, 1:1, and Group yüMlvü Insights, without leaving Teams. Plus, Friction Finder Awareness Alerts are one click away inside Teams, heading off friction and providing a fast path to People Chemistry for your chat group.
- yüMlvü inherits the users from Teams so all Insights are tied to the unique personal wiring of individuals in your chat. Plus, anyone without a yüMlvü profile is automatically invited to join from within Teams. This ensures ensuring that yüMlvü guidance is available for everyone.

“Human engagement and team success often flow or fail based on compatibility, not capability.”

Adding People Chemistry to Microsoft Teams is Easy with yüMlvü Basic

Putting the power of the yüMlvü share-and-compare People Chemistry platform to work for you inside your Teams environment is simple.

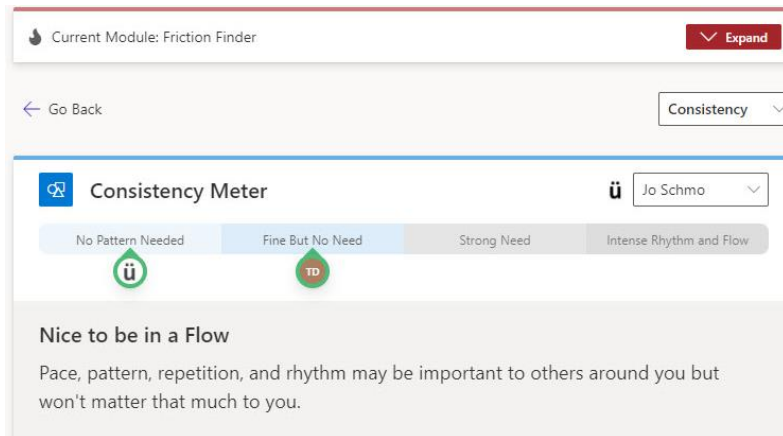

With yüMlvü for Teams, you instantly have Friction Finder Awareness Alerts always available on the yüMlvü tab in Teams. This ensures that you and your colleagues use the best practices for individual interaction and overall team collaboration.

Whether sharing-and-comparing with another team member or reviewing your whole group, actionable yüMlvü Insights are now always just a click away.

Explore Share-and-Compare People Chemistry for Individuals and Groups

- yüMlvü Insights reveal how each individual person is uniquely “wired” to interact.
- With 1:1 comparison, yüMlvü coaches on how natural differences become strengths, not collision points.
- Group views (vüs) provide Awareness Alerts from the lens of each user to identify where differences may create challenges. Coaching shows how to find chemistry amid differences.

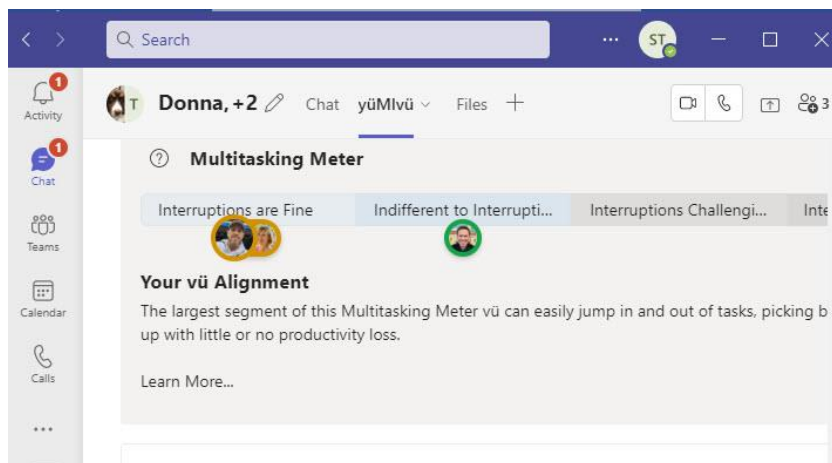

Grow People Chemistry through Friction Finder and Staying Motivated

- yüMlvü Basic includes the Friction Finder and Staying Motivated modules.
- Friction Finder Awareness Alerts help teams identify and avoid costly people chemistry conflicts for seven common interactions.
- Staying Motivated shows how each team member is uniquely wired for motivation and what to do to ensure it stays high for all.

Connect People Chemistry Insights to Microsoft Teams

- yüMlvü Basic is designed to create stronger people chemistry where it is needed most, in everyday collaboration workspaces.
- Better Meetings integrates with Outlook Calendar to create guidance for all aspects of a meeting uniquely based on who is invited.
- yüMlvü for Teams puts individual and Friction Finder coaching within Microsoft Teams. Plus, yüMlvü inherits the members from each unique Chat so that insights are always relevant to that specific collection of people.
